Re: *Ex Parte* Presentation, WC Docket No. 07-245

Dear Ms. Dortch:

On May 12, 2010, representatives of the DAS Forum, a membership section of PCIA—The Wireless Infrastructure Association and NextG Networks (“Parties”) met with Diane Griffin-Holland, Chris Killion, Lauren Millcarek and Julie Veach of the Office of General Counsel and Jeremy Miller and Wes Platt of the Wireline Competition Bureau. Scott Thompson, of Davis, Wright, Tremaine, LLP, represented NextG, and Brian Regan, Government Affairs Counsel for PCIA, and the undersigned represented the DAS Forum.

The Parties discussed the integral role of wireless infrastructure—specifically Distributed Antenna Systems (“DAS”)—in the effort to achieve the Commission’s broadband goals. Parties emphasized that the current record in WC Dkt. No. 07-245 is fully developed with respect to the issues surrounding timing, access and rates for wireless attachments. As such, Parties urged the Commission to address all issues surrounding wireless attachments in the Order portion of the Commission’s upcoming rulemaking to avoid further implementation delays.

Pursuant to Section 1.1206 of the Commission’s rules, a copy of this letter will be filed via ECFS with your office. Please do not hesitate to contact the undersigned with any questions.

Sincerely,

Michael D. Saperstein, Jr.
Director of Government Affairs
PCIA—The Wireless Infrastructure Association
901 N. Washington St., Suite 600
